

SAN FRANCISCO FREE CLINICAL MEDICAL
RESOURCE AND AFTER-HOURS INFORMATION

At the San Francisco Free Clinic, our primary mission is to provide patients who lack insurance with preventative medical care and ongoing treatment of non-emergency medical problems.

If you have a sudden onset of a new illness or worsening of a condition for which you were seen here in the clinic, you may call the clinic @

(415)750-9894

MONDAY - FRIDAY: 10:00 am - 12:30 pm

1:00 pm-4:30 pm

You will not be able to reach the clinic at any other time. If your condition requires that you to receive medical attention or advice outside of these hours, you will need to obtain assistance at another medical facility. Please note that these are not the only alternatives, but are simply suggestions to facilitate your attempts to obtain medical care when our clinic is closed.
